

CS594 DL4NLP Reading Assignment 1

Fall 2020

Total points: 25

Issued date: October 12

Due date: October 23

For this reading assignment you need to read the paper at the link below (this is about text summarization):

Get To The Point: Summarization with Pointer-Generator Networks
<https://www.aclweb.org/anthology/P17-1099/>

Turn in:

1. Submit a review of the paper PDF file (include a summary of the paper, three things that you liked about the paper and three things that you could have seen improved or as potential future direction, the datasets used, the evaluation type, etc).
2. If you want to learn more about how to do a good review, here are several links:
<http://clgiles.ist.psu.edu/reviewing/>
3. Please keep it to around half a page (or at max a page).
4. Please do not copy from your colleagues. Identical assignments will receive 0 points.
